**SENATE BILL**

**No. 272**

**Introduced by Senator Runner**

An act to add Section 66025.8 to the Education Code, relating to postsecondary education.

LEGISLATIVE COUNSEL'S DIGEST

SB 272, as amended, Runner. Public postsecondary education: Armed Forces service.

(1) Existing law requires each segment of public higher education to establish, and update as necessary, a written policy concerning students who are called to active military service, as specified. Existing law grants to qualifying members of the National Guard, the State Military Reserve, and the Naval Militia an entitlement to academic leave when active duty, as defined, interrupts college attendance for the purpose of pursuing an undergraduate degree.

This bill would require the California State University and each community college district, and request the University of California, with respect to each campus in their respective jurisdictions that administers a priority enrollment system, to grant priority for registration for enrollment to any member or former member of the Armed Forces of the United States ~~to be given priority in the enrollment of classes at those institutions for the first academic term for any academic term attended at one of these institutions after leaving active duty, if the~~

~~student enrolls and begins attending classes~~ within 2 years of leaving active duty. The bill would also require that priority for enrollment be granted to any student of those institutions who is called to active military duty compelling the student to take an academic leave of absence.

Insofar as the bill would impose costs on the California Community Colleges in evaluating an individual's eligibility for priority in enrollment, the bill would impose a state-mandated local program.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.
